

CHILDREN'S SPIRITUAL INTRODUCTION

God
Loves
You

Good God's relation with us as you
must now understand is that
God is our true creator.

He has made this Earth
and has given us the sun.

The Sun gives us light and heat
and helps all things to grow...

... all that is on Earth.

God Almighty loves all good people too. You must learn to be good so that you are always good and on God's ways.

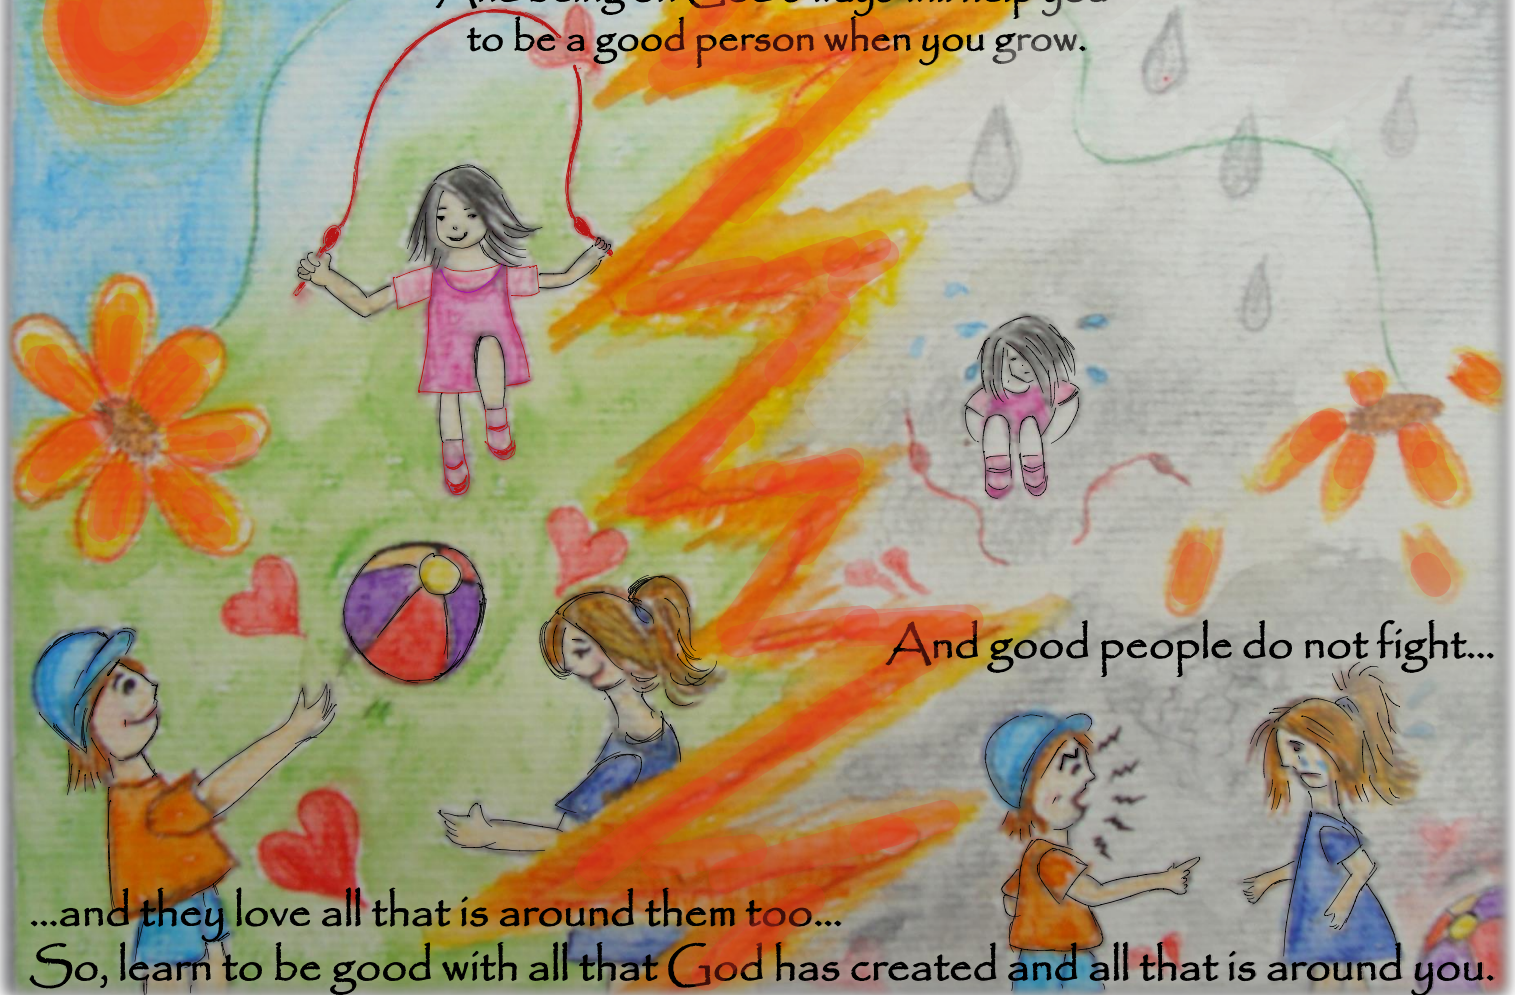

All good children are good children of God.

And God helps all those who are good.

So be good. Listen to what your teachers have to say...
...so, pay attention and learn only good things.

You are a good person ~ so, you are on God's ways.
And being on God's ways will help you
to be a good person when you grow.

And good people do not fight...

...and they love all that is around them too...

So, learn to be good with all that God has created and all that is around you.

Good God has a team of angels who help us good people to be on God's ways.

They give us protection
from those who
are not very good.

Angels are good God's angels
and they help all good people
to become good.

So, always welcome good angels from the good Spirit World,
and good angels will help you.

So, you must ask good God to send these good angels to you
so that you can be helped and after they help,
you must also thank them for helping you and protecting you...

...So, please ask God to then always send these good angels to you when you want to call them.

This whole process of calling angels, asking them for help and protection is called praying.

So, all good people must pray everyday.

So, please pray a good prayer to God always so that you can be protected and helped ☺
